

Dear Representative:

On behalf of the American Conservative Union, I urge you to support Sessions Amendment #42 to H.R. 1, the Continuing Resolution. This amendment, offered on behalf of small businesses and middle class workers, would place a moratorium to the Obama Administration practice of eliminating private sector jobs in favor of adding government positions. This practice, known as “insourcing,” only serves to further bloat our already swollen bureaucracy.

A vote in favor of this amendment will send a clear message to the American people that the Congress has private sector job growth at the top of their agenda.

With private sector unemployment at 9 percent, the last thing we need is federal government policies which have the effect of reducing private sector jobs. Please vote “Yes” on the Sessions amendment (#42) to place a moratorium on “insourcing.”

Sincerely,

Larry Hart
Director of Government Relations
The American Conservative Union
